

Business Start Up

For you who are new in Sweden and thinking about a new Business Start Up and have a basic knowledge of the English language.

Welcome to an introductory course on entrepreneurship at Folkuniversitetet Gävleborg!

An introductory Business Start Up course designed for you new to Sweden and have basic knowledge of the English language. It is a preparatory entrepreneurship course where we will be using the **Entreprenerdy** platform. The course is conducted digitally or on-site classroom based. The education will be delivered in English with the aid of an interpreter (Russian language). For those who will be attending digitally, Internet connection, a computer, tablet or mobile phone with a built-in camera and microphone is required, we have a limited number of computers to lend out.

Duration; Thursdays' 6 lessons, circa 3 hours. Digital; 13:00-16:00hrs. We go through how to start your own business, from idea to reality.

- ✓ Course start 27th October 2022
- ✓ Free of charge
- ✓ Location: digital via Zoom /classroom
